

School Councils must develop and review their student dress code in accordance with the Department's Student Dress Code policy guidance on the Department's Policy and Advisory Library, available at the following link: <https://www2.education.vic.gov.au/pal/student-dress-code/policy>

This will include ensuring our student dress code meets human rights and anti-discrimination requirements, includes exemption processes and addresses health and safety considerations. School Councils will also need to ensure they have properly consulted with the school community in developing/reviewing this student dress code. Guidance on consultation processes is available on the Policy and Advisory Library here: <https://www2.education.vic.gov.au/pal/student-dress-code/guidance/developing-and-reviewing-dress-codes>

PURPOSE

The purpose of the Student Dress Code is to outline Lyndhurst Secondary College's requirements for student dress and appearance and to provide information about uniform purchase and support, dress code implementation and exemption processes.

This dress code has been developed by Lyndhurst Secondary College's School Council in close consultation with our school community to ensure that it respects the rights of individual students whilst reflecting the values and interests of our community.

The Student Dress Code aims to:

- foster a sense of community and belonging and encourages students to develop pride in their appearance;
- support Lyndhurst Secondary College's commitment to ensuring that our students feel equal and are dressed safely and appropriately for school activities;
- reduce student competition on the basis of clothing; and
- enhance the profile and identity of the school and its students within the wider community.

The School Council has developed a dress code that we believe provides a range of choices for students and is cost effective for families.

Students are expected to comply with this Student Dress Code while traveling to and from school, during school hours and when attending school activities.

IMPLEMENTATION

Lyndhurst Secondary College will ensure that this Student Dress Code is communicated to all families and students through our website, newsletter and social media. We will assist students who may be experiencing difficulties complying with this policy where possible.

Students wearing non-compliant uniform items will be asked to remove the item where possible/practicable and the item will be confiscated for the day. Confiscated items are stored securely in the Main Office where they can be collected at the end of the school day. In addition, students may be asked to change into a compliant item of clothing provided by the school where available.

Students who repeatedly fail to comply with the Student Dress Code or refuse to follow staff member instructions regarding confiscation of non-uniform items will be subject to additional consequences.

EXEMPTIONS TO STUDENT DRESS CODE

We recognise that there may be situations where the application of this dress code may affect students unequally. Students and their parents or carers may apply in writing to the Principal for an exemption to this Student Dress Code if:

- an aspect of this code prevents the student from complying with a requirement of their religious, ethnic or cultural beliefs or background
- the student has a particular disability or health condition that requires a departure from the dress code
- the student or their parents/carers can demonstrate particular economic hardship that prevents them from complying with the dress code.

When the Principal receives a request for an exemption, they will:

- consider the grounds for the exemption request
- explain the process to the student and/or their parents/carers
- encourage the student and/or their parents/carers to support their application with evidence.

The Principal or delegate will then try to negotiate a resolution that is acceptable to all parties. If an exemption is not allowed, then written reasons will be provided to the student and/or their parents or carers.
