Be alerted to new or changed information

is a mobile app solution that will allow us to communicate with you, our parents, straight to your smartphone. We will be sending news, events, photos and more so that you can be even more connected with your children's activities and events at the school. Using the Konnective app, you can add events directly to your phone's calendar, set reminders for things you need to do and receive important alerts (similar to a text message) as soon as they are released.

Via the app, we can send communication to specific grade levels, so you will receive information specific to your child's grade as well as general news, events and updates that will go to everyone. This will extend and enhance our existing communications (eg. Newsletter, website).

To access via your Smartphone:

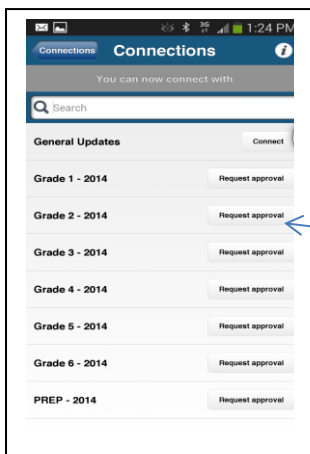

Download Konnective App through your smartphone app store. (Apple, Play Store etc)

Register here using your email address and create a password. You will then receive a confirmation email requesting you to click on the link in the Konnective email.
