ADVANCED PSYCHOLOGY

We are Advanced Psychology, a leading private practice providing comprehensive psychological services. Having successfully partnered with primary and secondary schools, we are now eager to extend our collaborative network to include your school and family.

Our experienced team is committed to evidence-based care, when providing therapeutic support as well as when conducting assessments. We believe in a strength-based approach, celebrating individuals' differences.

Our clinicians have a warm and personalised approach which focusses on the individuals need, collaboration with parents as well as the child and aiming to assist your child to extend their skills in order to reach wellbeing goals.
