Upcoming maintenance on St Georges Road

What's happening

We're resurfacing sections of St Georges Road between Arthurton Road and Clarke Street, Northcote.

This maintenance work is necessary to improve the condition of the road's surface to ensure the future safety and reliability of the road.

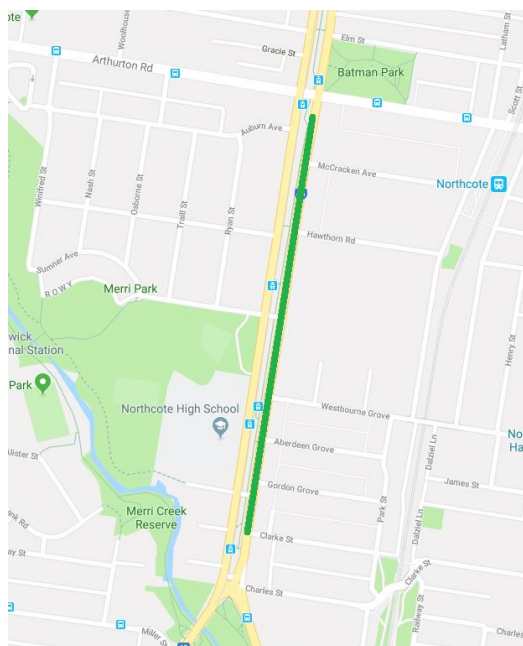

When to expect us

Our crews will be working from 18 – 24 June 2019 between 9pm – 5.30am.

Where we're working

This work involves asphaltting sections of the road, including traffic management at the following locations:

- Arthurton Road to Clarke Street (city bound side of the road).

For more information on the location of these works visit vicroads.vic.gov.au/maintenance.

What are the impacts?

During these maintenance works, there'll be:

- closures of St Georges Road
- detours supported by on-site traffic management
- a speed reduction to ensure the safety of our work crews and motorists
- medium-high level of noise, vibration and dust from the works.

More information on changes to traffic conditions

During works, there'll be detours via:

- Arthurton Road, High Street, Clarke Street and Charles Street.
