

MIDDLE SCHOOL NEWSLETTER

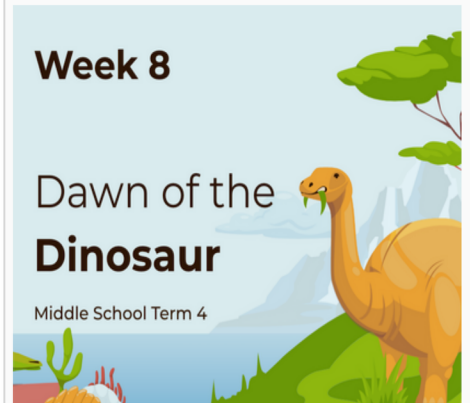

Literacy and Numeracy

In Content Knowledge we have begun a new unit called 'Dawn of the Dinosaur'. Students have been learning about a range of content such as:

*Living Things Respond to Change.
Ecosystem Problems and Solutions.
Fossils and How They Form.*

In Text Construction students are learning to write persuasively. Students have looked at a range of topics in which they formulated arguments 'for' and 'against'.

In Numeracy students have been learning about mass, capacity and volume

Skills in Focus : Division

$$\begin{array}{r} 8 \\ 9 \overline{)72} \end{array}$$

Students have been learning to solve division problems by developing an understanding of the inverse relationship between multiplication and division. Knowing your multiplication facts makes solving division problem much easier, so any time practising these facts at home will be time well invested.

Upcoming Learning

Next week 2/3/4 students will be attending the Lady Northcote Recreation Camp.

This will be a great opportunity for students to reconnect with their peers and teachers as well as partake in wonderful activities!

Reminder: Don't forget to review the camp checklist to ensure you are ready for a fun filled experience!
