

# Curiosity Club

## Specialists in Training

FREMANTLE  
COLLEGE

Fremantle College's Curiosity Club is an after school program which offers hands-on extension opportunities for students in Year 5.

### Curiosity Club Specialist ICT

The ICT program supports students to develop their design and problem-solving skills, and expand their creativity. They will have access to industry standard technology as they undertake a design and create process, developing a tangible product.

### Curiosity Club Specialist Marine Science

The Marine Science program encourages students to further their understanding of the marine environment, and the impact we have on it. They will undertake a range of scientific investigations, drawing upon skills in chemistry, physics and biology.

Our Curiosity Club will run for three sessions and take place three times throughout the year, in Terms 3 and 4, from Week 2 to Week 4. When applying, students are able to select which term to attend, and they are able to apply for both programs. Specialist teaching staff facilitate all sessions, supported by our Specialist Program Student Leaders.

### Application Process

Please submit your application form with your child's most recent School Report and email to: [fremantle.college@education.wa.edu.au](mailto:fremantle.college@education.wa.edu.au) by 20 June 2022.

Alternatively, applications can also be submitted via our College Reception.

Our online form is available at: <https://fremantlecollege.wa.edu.au/curiosity-club-information-sessions/>

The college will advise the outcome of all applications the following week and distribute information to families.
