

TAFE NSW START YOUR FUTURE ELECTROTECHNOLOGY AND REFRIGERATION

Program description:

TAFE NSW Start Your Future is an initiative of the NSW Government and part of the NSW Department of Education's Educational Pathways Program (EPP)

This program provides:

Practical demonstrations from highly qualified teaching staff and the opportunity for students to participate in hands on activities to gain insight and knowledge in the Electrotechnology & Refrigeration industries

Program outcomes include:

- Students make informed career choices to access Vocational Education and Training (VET) options
- Students develop individual learning plans identifying courses and study options linked to their preferred careers

Students will develop skills and knowledge in:

- Work health and safety on work sites
- Working safely around electricity
- Cable installation techniques
- Accessories installation techniques
- Testing circuits (ELV)
- How to safely use and maintain tools and equipment
- DC circuits basics
- Basic metal fabrication and how it relates to electrotechnology

Participant eligibility

Participants must be:

- A minimum 15 years of age
- attending EPP school
- likely to benefit from exposure to a vocational pathway
