SPECIAL MESSAGE REGARDING EVENTS LISTED AND COVID-19

Events listed are presented as reported from the home website at the time of collection from the news source. We strongly advise you check directly with the event organisers regarding the delivery of the event due to current restrictions.

UNI

Reminder - UNSW Law Admission Test

The LAT 2020 will take place on **Tuesday 29 September 2020**.

Standard registrations close at 5.00pm Friday 14 August 2020.

The LAT is a written test that allows candidates to demonstrate their aptitude and skills for studying Law at UNSW. LAT results will be considered in addition to the ATAR (or equivalent academic result) in the UNSW selection process to differentiate amongst the many high achieving Law applicants. Completion of the LAT will enable UNSW to gain a more rounded view of a candidate's capability to study Law; it will also give applicants the opportunity to demonstrate further their suitability for the Law program at UNSW.

Register here: [LAT Registration](#)

University of Wollongong Year 12 Online Information Evening

Tuesday 16 June. 6.00pm

These interactive online events are designed to answer all the common questions that students have about starting university study. Join the mailing list to receive up-to-date information about Macquarie's online events.

University of Newcastle – Engineering Jobs of the Future

Tuesday 9 June. 5.30pm

For students, parents and teachers who want to know more about the jobs of the future and the role of engineers in tackling the world's biggest problems.

- How Engineering fields are adapting and changing.
- How University of Newcastle Engineering degrees will prepare you for the future of work.
- What it's like studying Engineering - through the eyes of a current student.
- How University of Newcastle Engineers are responding to the COVID-19 crisis.

<https://www.newcastle.edu.au/events/future-students/jobs-of-the-future-engineering>

UTS Support your UAC application with the Engineering and IT Questionnaire

Closes Thursday 17 December.

If you fall short of the ATAR by 1–3 points, we will still consider your application if you complete the questionnaire and demonstrate a strong motivation to study Engineering or IT. It takes just 20 minutes to complete, so give yourself the best chance to get into your preferred course at UTS.

<https://www.uts.edu.au/future-students/engineering/essential-information/year-12-engineering-and-it-questionnaire>

UTS - Up to 5 Adjustment Point for Work Experience

You may be eligible for up to five adjustment points if your work experience relates to the course you are applying for. Complete the employment question in your UAC application so your work experience can be considered for specific courses in **Engineering** and **IT**, **Business** and **Science**.

<https://www.uts.edu.au/future-students/undergraduate/admission-requirements/admissions-schemes/specific-study-area-schemes>

UTS - Discover what Civil and Environmental Engineering at UTS is all about

Monday 25 May. 4.00pm

Register for this webinar to learn how through Civil Engineering, you can specialise in a range of areas such as Construction, Structures or Environmental. Civil Engineers are problem solvers. They determine solutions for infrastructure, big construction, structural design and growing environmental concerns.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/online-events/engineering-undergraduate-students/intro-civil-and-environmental-engineering-uts>

UTS - Discover what Mechanical and Mechatronic Engineering at UTS is all about

Wednesday 27 May. 4.00pm

Register for this webinar to learn about dynamics (the science of moving things) and learn to calculate and control the movement and interaction of solid objects, fluids, heat and electricity. Design, build and manage automated and autonomous mechanical systems, with an emphasis on robots, smart machines, intelligent control systems, and biomedical devices.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/online-events/engineering-undergraduate-students/intro-mechanical-and-mechatronic-engineering-uts>

UTS – Discover what Flexible Engineering at UTS is all about

Thursday 28 May. 4.00pm

Not sure which Engineering major to choose? The Flexible Engineering course is just that - flexible! Once you have completed core Engineering subjects, choose a major or choose your own blend of compatible subjects.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/online-events/engineering-undergraduate-students/intro-flexible-engineering-uts>

ACU Open Day Dates

Open Day is your chance to find out everything you need to know about studying at ACU before you enrol. You will be able to check out the campus, meet staff and students, discuss entry pathways, and talk to experts about your study options and career goals. Open Day gives you the opportunity to ask our teaching staff any questions you might have about your dream course, the application process, pathway options, entry schemes and more. Chat to current students and discover the facilities your new campus has to offer.

Ask all the questions you want – and hear the answers you need. Register your interest.

North Sydney Campus

View key dates and information session updates. Please join us on Facebook for regular updates or sign up below to receive information via email. <https://www.fire.nsw.gov.au/page.php?id=2>

Permanent Firefighter Recruitment Key dates and information sessions here

These dates provide a timeframe for the 2020 Permanent Firefighter Recruitment. The dates are a guide and may be subject to change. Stay up-to-date by regularly visiting this page or by following us on Facebook.

As dates are confirmed, they will be listed on this page.

Please note attendance at an information session is not compulsory, nor is it a guarantee of successful employment; however, the sessions provide useful information to potential candidates

<https://www.fire.nsw.gov.au/page.php?id=9066>

Join the NSW Community Fire Unit Program

A Community Fire Unit (CFU) is a team of local residents living in urban areas close to bushland who are supported by Fire & Rescue NSW (FRNSW) to enhance their safety and resilience to bushfires. As a volunteer CFU member you will learn how to prepare yourself, your family and your home ahead of the bushfire season. If you are 16 or 17 years old you can join a CFU if your parent or guardian is also a member of the CFU. <https://www.fire.nsw.gov.au/page.php?id=133>

Discover your Path to Physiotherapy

Physiotherapists play an important role in keeping people moving, whether it be for maximum performance in athletes and people with chronic health conditions. They also have an impact on patients who require rehabilitation after events such as surgery or a catastrophic accident. It can be rewarding to see patients reach their goals.
