

FLOURISHING FAMILIES

Parent/family sessions that explore the key principles of Positive Education.

Term 3, 2020

What is Flourishing Families?

Flourishing Families is a series of 4 parent sessions, which allow families within our Maroondah community to explore the key principles of Positive Education, a pilot initiative adopted by all schools in Maroondah. Our staff and students across our schools continue to explore, practice and embed key concepts of Positive Education and we would like to share this common language of wellbeing. Throughout these sessions we aim to create an awareness of how Character Strengths, Growth Mindset, Positive Emotions and Positive Relationships can help us thrive and flourish individually and collectively.

We have a wonderful opportunity for you, as parents, to learn more about Positive Education and how you can continue to enhance your own wellbeing, as well as support the wellbeing of your children, at home, at school and within the wider community. These sessions will be hosted by Edwina Ricci, the Project Manager for the Maroondah Positive Education Network.
