[AIE Film Production Workshop](#)

17 April 2026

Learn what it takes to plan and produce a film shoot in this intensive film production workshop. You will get hands-on with cameras, lighting, and the latest in virtual production LED screens. Industry-experienced filmmakers will guide you in taking your script through the various production stages.

In this workshop, we will fast-track the film production process by choosing one scene and taking it through the pipeline from idea to finished shots. As part of this process, participants will be leveraging virtual production sets! This is an exclusive opportunity to learn more about this revolutionary technology which is empowering filmmakers.

This workshop is suited to participants 16 years+ that are interested starting their career in film.

- Advanced Maths
- Maths Extension 1/2
- Maths Standard/Standard 2
- Biology
- Chemistry
- Physics
- Ancient History
- Modern History
- Economics
- Studies of religion
- Legal Studies
- Business Studies
- Year 9/10 Science
- Year 9/10 Maths
- Year 9/10 English

[Sydney Writers Festival - Secondary School Days](#)

25 May - The Concourse, Chatswood

26 May - Sydney Town Hall

Join Sydney Writers' Festival for a day of discovery with Australia's most exciting literary talents.

Over five presentations, students will be inspired and challenged through thoughtful discussion of literature and ideas. Authors will share insights into the writing process, invite students to consider new perspectives and encourage them in their own creative pursuits.

The Secondary School Days program is programmed with students in Years 7 to 10 in mind, but is suitable for all high school students.

[Sydney Writers Festival - Student Sessions](#)

20 May

Student Sessions is a full-day program of engaging and lively discussions linked directly to the Stage 6 NSW English syllabus.

In 2026, there are two strands of sessions on offer, with each session running for 45 minutes. You can create your own schedule, combining sessions from either strand.

The Craft of Writing sessions are deep dives into the craft of writing with experts in different forms and these sessions complement both the Craft of Writing modules and the Extension English 2 Major Work projects.

In 2026 we also have Spotlight Series with sessions that focus on studying Shakespeare, critical response and the editing process from manuscript to published book. All sessions will be moderated by highly experienced secondary school educators.

[The Santos Science Experience](#)

Applications Before 30 July (Macquarie University)

The Santos Science Experience is a fun 3 or 4 days of science activities for Year 9 and 10 students.

Each program is designed to provide students who have an interest in science with an opportunity to engage in a wide range of fascinating science activities under the guidance of scientists who love their work.

The program takes place in over thirty-five universities and tertiary institutions, within many different laboratories and lecture theatres. Participants perform experiments in the laboratories, meet and hear senior lecturers in the lecture theatres, attend site visits and walk around and experience what it is like to be on the campus of a university or tertiary institution. More than 81,000 students have taken this rare opportunity, up to date.
