

## UNIFORM POLICY 2018

### GUIDELINES

The College Council, empowered under Government regulations, supports a policy of compulsory uniform and a dress code. It is the duty of the College to enforce the correct wearing of the designated College uniform and ensure that our students wear the College uniform to the highest standard.

### INTRODUCTION

The wearing of a uniform contributes positively to the identity of our College and helps create in our students a sense of belonging to something bigger than themselves. In particular it demonstrates and encourages in our students a sense of being part of the Matthew Flinders 'Sisterhood'. The 'sisterhood' is an important concept for us. It signals that we can rely on one another, that we are entitled to the support and the benefits of our college and that each of us needs to contribute to the welfare and support of our 'sisters.'

While a uniform is not essential to this concept, it is a helpful and positive symbol of the camaraderie and sense of service that is encouraged at the College.

We therefore require all our students and their families to support the uniform policy and to ensure that it is worn in a way that does credit to them and to our College.

### GENERAL – FOR ALL STUDENTS YEARS 7-12

The College uniform is to be worn to and from the College as well as at the College and on such other occasions as indicated by the Principal or Assistant Principals.
