

## What is it like to raise children in Victoria?

**You are invited to join a roundtable hosted by Nina Taylor MP.**

The roundtable will give you the opportunity to share your experience raising and looking after children (aged 0-12) in Victoria.

We want to hear about:

- Your awareness of and access to education including early childhood education and supports.
- Gaps, challenges and barriers to accessing or staying engaged with services such as maternal and child health services and early childhood education.
- How services could be improved and the biggest issues impacting you in this space.

Your feedback will help us to improve services for families in Victoria.

**RSVP** by Friday 15<sup>th</sup> of November via this registration form: <https://www.surveymonkey.com/r/KLT3YGC>

### **Who should attend?**

Parents, carers and anyone involved in raising and looking after children.
