## ACU Guarantee

**Opens - 1 June**

**Closes - early October**

Guarantee your place at ACU, even before your Year 12 exams. The ACU Guarantee program offers eligible Year 12 students a place at ACU based on your Year 11 results.

Offers may be made as early as July. While successful applicants must still complete their Year 12 exams, you can do so secure in the knowledge that your marks from Year 11 meet our entry requirements. You may also enhance your entry score by including a short personal statement that gives ACU an insight into your personal circumstances and motivation for university study.

By assessing your Year 11 results, we can give you a predicted selection rank and make you an offer before you sit your HSC/VCE/QCE. Of course, your final exams still matter – and you still need to finish Year 12 to validate your offer – but you can tackle them comforted by the fact that you already have a place in your university degree of choice.

UNIVERSITY OF  
CANBERRA

## University of Canberra SRS

### SRS Applications close 19 September 2022

If you're a current Year 12 student applying to UC for undergraduate study next year, you could receive an alternative early admission offer under the Schools Recommendation Scheme (SRS) using criteria other than your ATAR. If you're a current Year 12 student, your school can recommend you for admission to the University of Canberra in advance of receiving your ATAR results, based on your abilities and success to date. Like your main application to UC, Schools Recommendation Scheme applications are also made through UAC.

If you apply for the SRS, your school's rating of your aptitudes will be considered, including your capacity for tertiary study. Applying through the SRS doesn't guarantee you an offer to the University of Canberra, as course quotas and other criteria to be considered. If successful, you'll receive an early offer to UC for your chosen course in November.

To apply for the SRS, the first step is to speak with your school careers adviser to find out how your school is managing SRS applications. Each school can choose how they want to use SRS so it's important you find out about your school's process, selection criteria and timelines before you start.

Once you have familiarised yourself with your school's SRS application process, submit your university application through the Universities Admissions Centre (UAC). You'll then be able to use your UAC application number to start your SRS application.

#### UAC's Schools Recommendation Scheme

information gives you detailed instructions on exactly how to apply, what sort of documents you may need and key dates for the UAC part of your SRS application. Your school may provide extra instructions and additional key dates that you also need to meet to be considered for SRS.
