

TERM 4 WEEK 4 2026

WEEKLY FOCUS

Its November! With 2026 coming to an end and all the stresses that come with it, its important to remember who we are in Christ. This time of year is impactful for everyone and can hold a lot of ups and downs. In week 4 we learn about what it means to pray and the peace that comes from knowing God is watching over us. When we pray, we are protected - we pray before we eat, we pray before we sleep. We pray when we are sad, happy, tired and stressed out. 1 Peter 5:7 reminds us "Cast all your anxieties onto him because he cares for you."

A beautiful story in the bible that helps us understand this more is Daniel in the lions' den (Daniel 6). Even when facing a terrifying situation, Daniel chose to pray three times a day just as he always had. He trusted God completely, and God sent an angel to shut the mouths of the lions, physically protecting him and giving him an abundance of peace in the midst of danger.
