8 June 2020

SPECIAL MESSAGE REGARDING EVENTS LISTED AND COVID-19

Events listed are presented as reported from the home website at the time of collection from the news source. We strongly advise you check directly with the event organisers regarding the delivery of the event due to current restrictions.

UNI

How to Keep to a Budget While at University

If you think being a student means being poor, think again! With careful planning and a little self-restraint, you can learn to keep to a budget and not skimp on life's necessities.

<https://www.gooduniversitiesguide.com.au/education-blogs/student-life/how-to-keep-to-a-budget-while-at-uni>

LIVESTREAM UNSW Undergraduate Info and Insights Week

Tuesday 23 to Thursday 25 June.

Designed for Year 11 and 12 students, we will cover everything from scholarships and admissions to the UNSW student experience through a series of short livestreamed presentations. At the end of each session, you will have the opportunity to participate in a live Q&A, where you can get all your questions answered. Explore the different sessions available below and register for each session that interests you. Please note that you can register for as many of the sessions as you like, but we do require each attendee to register individually. <https://www.events.unsw.edu.au/event/livestream-unsw-undergraduate-info-and-insights-week>

LIVESTREAM Experience UNSW Science Day

Wednesday 1 July.

Have you ever wanted to experience what it would be like as a university student conducting research and experiments in a lab or in the field? Let us take you on a journey through some of the branches of Science that you can study at UNSW. You will have the opportunity to ask questions and speak to our academic staff and current students. Then, get a hands-on taste of what you can expect as a first-year Science student - without leaving home! Your home will become the laboratory as our first year Science lecturers take you through a university-level experiment using household items. This event is designed for high school students in Years 10, 11 and 12, who are keen to find out what it is like to study at UNSW Science.

<https://www.events.unsw.edu.au/event/experience-unsw-science-day-1>

Reminder - Western Sydney U Day

Friday 20 November.

Western Sydney U Day provides the opportunity for Year 10 and 11 high school students to experience a day on a Western Sydney University campus. The event will allow high school students to speak with current University students and academic staff, experience the range of courses available at Western Sydney University through interactive workshops and presentations, learn about scholarships, The Academy, pathway programs and further opportunities to pursue their aspirations.

- Experience life on a Western Sydney University campus.
- Learn how a Western Sydney University course can advance your career.
- Get hands-on at our interactive workshops.

- Speak to current Western Sydney University students and academic staff for first-hand advice.
- Explore how Scholarships, The Academy and our various pathways programs can maximise your academic success.

<https://www.westernsydney.edu.au/future/student-life/events/western-sydney-u-day.html>

Bond University: 2021 Year 12 Entry

To ensure Year 12 students are not disadvantaged for 2021 entry, Bond University will assess applications based on Semester 1, Year 12 results. Contact Boyd Shacklock at <https://bond.edu.au/profile/boyd-shacklock>
Learn more at: <https://bond.edu.au/2021-year-12-entry>

Virtual Open Day and On Campus Events at Charles Sturt

Charles Sturt are still making plans for 2020 Open Day – including a virtual event. On campus or virtual (or both!) Open Day will return this year and it is a great way to find out all there is to know about studying with Charles Sturt. Learn about courses, applying to uni, early entry, living on campus or studying online, as well as what support is available. More info: study.csu.edu.au/events

EducationUSA Phone Advising Information Sessions

EducationUSA is offering free individual advising appointments by phone for students and families interested in tertiary study in the U.S. Students can benefit from their own personalised information session covering relevant topics such as holistic applications, SAT/ACT testing, sports scholarships, etc. Book here: <http://EducationUSASydney.eventbrite.com>

Why Years 9 & 10 Matter - Pathways to Harvard, Oxford and Beyond

Saturday 20 June. 5.00pm to 6.00pm

Are you a student in Year 9 & 10 and getting great marks at school?

Whether you already aim to study at world-leading universities or you want to make sure it is an option for you after school, then you need to know that what you do now matters. Learn how you can start paving the way for you to gain admission to universities like Harvard and Oxford through the subjects you choose, your extracurricular activities and more.

<https://www.eventbrite.com/e/why-years-9-10-matter-pathways-to-harvard-oxford-and-beyond-aus-tickets-105673710914>

ACU Talk with an Occupational Therapist and a Speech Pathologist

Wednesday 17 June. 5.00pm

Join us online to hear from ACU alumni about their experiences improving people's quality of life. Take part in a Q&A session with our graduates to learn about the rewarding and challenging careers of occupational therapists and speech pathologists.

Last year our panellists were a:

- speech pathologist at a paediatrics private practice.
- occupational therapist at a private practice specialising in brain injury.

UNSW FEAS Scheme for Engineering – Keep an eye open on this one

If you are expecting an ATAR between 83.00 and 92.95 and want to study at UNSW, we encourage you to apply for the Faculty of Engineering Admissions Scheme (FEAS). FEAS is an alternative pathway for students who want to study at UNSW but don't meet the Guaranteed Entry Rank (GE) of 93.00. FEAS applies to most UNSW Engineering undergraduate programs, including the double degrees with a GE of 93. We will evaluate your ability in mathematics, physics and other sciences, design and problem solving, as well as attitude and motivation towards engineering studies.

Just remember, an application for the Faculty of Engineering Admission Scheme is not an application to Engineering at UNSW. You will still need to complete a UAC application by the due date. If you need more information on applying for admission to UNSW, visit the Universities Admissions Centre [website](#).

Call 1300 UNI NSW (1300 864 679) or ask a question [unsw.edu.au/ask-question](https://www.unsw.edu.au/ask-question)

<https://www.engineering.unsw.edu.au/study-with-us/alternate-pathways/faculty-of-engineering-admissions-scheme-feas>

Reminder - University of Sydney Year 12 Information Evening

Tuesday 9 June. 4.00pm to 7.00pm

Do you want to know why The University of Sydney is ranked 1st in Australia and 4th in the world for graduate employability. Join us at our Year 12 Information Evening! We understand this is a stressful time and are committed to supporting you on your journey to the University of Sydney.

Attend our online Year 12 Information Evening to find out more about our undergraduate course options, admission pathways, scholarships and more.

At this online event you can:

- Visit virtual booths staffed by faculty experts.
- Get advice on your study interests, applying for university, student life and more.
- Get your questions answered through one-on-one chat.
- Speak with current students about their experiences at Sydney.

How do you choose your HSC subjects for years 11 and 12? From University of Sydney

Starting uni seems so far away - yet here you are choosing your HSC subjects so that you can achieve an ATAR and apply to do a degree at uni. So how do you make the right choices for you? And should you worry about subject scaling? The HSC is a long road - and it is the right balance of hard work, dedication and enthusiasm that will help you succeed. Apply to this to any HSC subject, and you will give yourself the best chance possible.

Mathematics Prerequisites Course Listing – University of Sydney

A listing of courses with mathematics requirements is listed lower down on this page's link. To apply for some courses, students are required to complete mathematics through their high school studies. The University has introduced mathematics course prerequisites for some courses from 2019 to help students thrive in their science, technology, engineering and mathematics related degrees and prepare them to tackle future career challenges. <https://sydney.edu.au/study/how-to-apply/undergraduate/mathematics-prerequisite.html>

US University Admissions and COVID-19

If you are a Year 12 (or 11) student looking to study in the US, I trust you will be questioning how COVID-19 will impact your US university admissions and your applications. The global pandemic will affect US university admissions, but to what extent we are still learning. Below are some ways in which we already know admissions will be impacted as well as some ideas to consider with your US university applications in mind.

GENERAL

Physical Aptitude Test - FireFit Training Guide from NSW Fire and Rescue

Firefighting is a physically demanding occupation. Tasks include carrying heavy loads including personal protective equipment, handling temperature extremes, variable terrains and confined spaces, all of which impose unique physical and physiological demands upon firefighters. The FireFit Training Guide is based on an 8 to 12-week program, depending on each individual's fitness level, and is available to help eligible candidates prepare for the [Fire and Rescue NSW Physical Aptitude Test \(PAT\)*](#).
