100

a celebration of melbourne's oldest residents

100

portraits of 100 year olds

as part of

The Centenarian Portrait Project By Teenagers

100 is an art exhibition profiling Melbourne's centenarians through portraits created by skilled young artists. Produced by Embraced Inc in association with Arcare Aged Care and The Victorian Seniors Festival, this project is about bringing the community together through inter-generational interactions. For most of our artists, an opportunity to meet a centenarian for the first time; for our centenarians a chance to share history and for both generations, a memorable experience exchanging perspectives.
