March 5, 2018

We are writing to inform you of some exciting news! A public meeting will be held to provide an opportunity to support the Armidale Regional Council and their consultants in the development and implementation of the Master Plan for the Armidale Creeklands.

As well, a new, not-for-profit community association will be launched in Armidale!

This association, Visions for Armidale Creeklands Incorporated, has a mission to provide input from the whole community:

To create expanses of water along our city's creeklands, reflecting the sky and colours of our natural and managed landscapes, to improve the quality of life, economy and the beauty of our city, Armidale

Event: Public meeting and launch of Visions for Armidale Creeklands Inc
When: 4.00 to 5.30 pm on Saturday March 24, 2018
Venue: Two Goats and a Baa cafe, 85 Marsh St, Armidale NSW 2350

We will present a short history of what has led to the creation of our new group and outline some ideas that we hope will help generate interest and promote discussion in Armidale, the region and in groups such as yours. We will provide an opportunity for community members to make short comments at the meeting. Armidale Regional Council Staff, Councillors and the Consultants will also be invited.

There will be an opportunity to join Visions for Armidale Creeklands as financial members (\$20/person p.a.).

We especially invite members of your group to attend.

Please visit our new Facebook and website (addresses above) for more information. Perhaps you might consider liking and sharing to spread the word? We would be most grateful.

If you would like the meeting's Chairperson to be aware of your group's support and/or attendance, we would be grateful if you would communicate this to the undersigned, via email (secretary@armidalecreeklands.org.au), by March 20, 2018.

With warm regards,

Graeme Fordham AM
Secretary, Visions for Armidale Creeklands Inc
