Human Research Ethics Approval

“FR: Improving Access to Treatment for children with Anxiety Disorders: A randomised controlled non-inferiority trial of positive search training”

(Ref: 2019/146)

Dear A/Professor Waters

I am pleased to advise that this research has full approval from the Griffith University Human Research Ethics Committee, a committee established and operating in accordance with the standards and principles of the Australian *National Statement on Ethical Conduct in Human Research (2007)* and Griffith University policy and registered with the Australian National Health and Medical Research Council.

The decision to approve is dated 2nd April 2019 and covers the period 21 January 2019 to 29 January 2024.

The approval covers research led by you as Principal Investigator and all methods and materials set out in the supplied documentation:

- Completed HREA Form
- Intake Form
- Script Intake
- Script ADIS
- Clinical Booklet
- Consensus Booklet
- Child Questionnaires
- Consent Form
- Information Sheet
- Parent Questionnaire
- Project Description HREA Application
- Recruitment Newsletter
- Recruitment text Social Media

Copies of all documentation identified above are retained as part of the approved protocol record.

All communication with, and responses or enquiries from, the Griffith University Human Research Ethics Committee in relation to this research will be copied to you (Dr Amanda Cox) as Principal Investigator.

For any queries regarding this ethical approval please contact the Committee Secretary on 3735 4375 or research-ethics@griffith.edu.au.

Yours sincerely,

Dr Amanda Fernie
Secretary to the Griffith University
Human Research Ethics Committee and
