

After School Mandarin Program @ Lyndhurst Primary School

Over 60% of those surveyed pick "To be equipped for future opportunities" as the reason why people learn Mandarin Chinese. We at Asia Guild believe learning Mandarin gives your kids a seat at the table of an increasingly competitive world.

Not Your Traditional Language-Learning Mindset

Parents, please do not expect a traditional sit-down, mindless repetitions or boredom from not understanding what's being said, kind of Mandarin classes! We **DO** Mandarin : *see it, hear it, make it, speak it, play it, sing it, dance it, draw it, tell it, act it, feel it, smell it, laugh it, taste it, think it, read it, write it !*

Learning beyond classroom - 21st century interactive on-line learning program complements teaching in class and is accessible to the parents and students at home for home learning and revision 24/7 to make learning more effective, at your fingertips.

TIME Magazine, Get Ahead, Learn MANDARIN calls Mandarin the world's "new second-language".

*After School Mandarin Program by Asia Guild Education,
endorsed and approved by the Principal and Board of Lyndhurst Primary School*

If you require further information please contact **Abigail Teoh, Asia Guild Education: 0416 753 579** or abigail@asiaschoolnetwork.com. Website <http://www.asiaguild.com>
