

Visual Arts - Term 2

Unit Overview: Our Earth in Space

This term, students explored **Our Earth in Space** through painting, collage, construction, and mixed-media activities. They investigated planets, stars, space travel, and imaginative worlds while experimenting with a range of materials and techniques.

Term Highlight: Paper Planet Incursion

A highlight of the term was the **Paper Planet Incursion**, where students entered the magical **Fairy Forest** and designed their own bugs, insects, and forest creatures. They used recycled cardboard, paper, paint, collage materials, and construction techniques to bring their ideas to life.

We are proud of the **creativity** and **enthusiasm** our students have shown this term, and we look forward to more artistic adventures ahead.
