Especially on Birthdays

**\$12**

Created by one of the country's leading children's theatre producers, Dave Brown in association with The Paper Boats Project, this intimate visual-theatre experience recreates the ups, downs and roundabouts and fun of birthdays.

Part performance, part game, part celebration, the performance engages children in deeply human stories of friendship, play, giving, receiving, sharing and understanding.

Especially on Birthdays follows a pair of 5 year old twins in the lead up to their sixth birthday. While they share a lot of things, their opinion of birthdays is not one of them. One twin can't wait for their big day while the other despairs at the thought of it. Living in the shadow of his twin sister is a comfortable place for Stephen to be, so when circumstances threaten to place him in the limelight, he wants out!

It's double the giggles, double the grins and double the trouble if you're blessed with twins!
