BEHIND THE JOB: Electric Vehicle Technician

What are their strengths?

- Technical and problem-solving skills
- Knowledge of electrical systems and battery technologies
- Understanding of vehicle safety and regulatory standards
- Adaptability to emerging automotive technologies

What do they do?

Electric Vehicle (EV) Technicians maintain and repair electric and hybrid vehicles, working on battery systems, electric drivetrains, and advanced vehicle technology.

How do they get started?

A Certificate III in Automotive Electrical Technology or a Certificate IV in Automotive Engineering is a great starting point. These qualifications may be available through apprenticeships.
