The Victorian Government is funding free vaccines for the month of June, to help boost influenza vaccination coverage as much as possible.

In the year to date, there have been 114,518 laboratory-confirmed influenza cases reported to the National Notifiable Diseases Surveillance System (NNDSS).

Since the start of 2022, there have been more than 7.3 million cases of COVID-19, and more than 7,000 deaths.

Look after yourself, and show support for health care workers by reducing flu or Covid-19 presentations and avoid more hospitalisations throughout winter, and help ensure health services are available for all who need it. **BOOK YOUR VACCINE APPOINTMENT NOW!**
