

Hey, parent or guardian!

**We are excited to announce that The Youngpreneur Association Australia is coming to St. Augustine's Primary School with their fantastic 10 day program, starting on May 2nd, 2024. This program is available for all students from year 1-6.**

The program educates our students with extremely valuable information that can set them up for future success. The students will learn how to generate their own unique business ideas that can positively impact the community, and the team will help them bring their visions to life. At the end of the program, they will have the lovely opportunity to participate in the Youngpreneur Market, where you will be able to come into the school support their new idea, along with their classmates. They also keep 100 percent of their profits! The event also serves as a fundraiser, channelling proceeds back into the school.

In addition to this, students will be invited to set up a free stall at The District Docklands shopping centre on weekends, providing them with an experience that can increase confidence by engaging with others in the community.

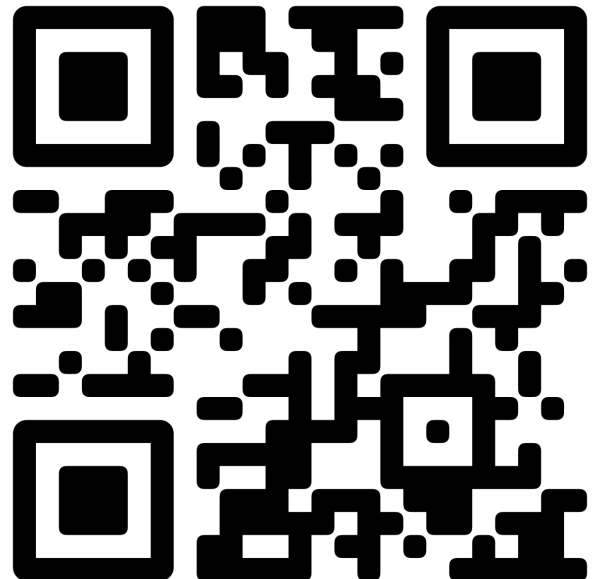

**We must have a minimum of 30 students register for the program. We highly recommend this, and can assure you that this will enhance the overall educational experience at the school. To celebrate their achievements, a certificate of completion documents will be handed out to all students upon program completion, providing students with a sense of accomplishment.**

**Registration closes on April 22nd, 2024.** To register your child and view all topics covered in the program, please go to the website and fill out a form. From there, the team will reach out with the next steps. We recommend registering in advance to ensure a place in the program.

**Please scan the QR code to head to the website, then head to the registration tab. From there, simply fill out a form. A team member will reach out with the next steps. You are also welcome to call the team using the number below with any specific questions you might have.**

We look forward to bringing this new, exciting opportunity to our school and are confident that this will benefit our participants.
