

## WHAT'S BEEN HAPPENING AT

# O.S.H.C?

### Splish, splash... Once upon a time

The weather is getting great every day and children have been engaged in talking about animals that live in the water. To extend their interest, we were making learning experiences linked with the sea. It was fantastic to see them making a sea environment with recycled and natural materials, and painting. They made some dough to create sea stars and turtles. While doing this activity, they shared facts about animals that live in the water.

Children have been also talking about their favourite fairy tales such as the boy that cries wolf. We have done some great experiences with this theme of fairy tales. Children have been learning values such as being honest.
