

Cheltenham East Team Kids NEWSLETTER

WHAT'S BEEN HAPPENING

Dear families,

We hope this newsletter finds you well! Here are some important updates and highlights from our before and after care program:

Sustainability Initiatives: We are thrilled to share that our children have been actively engaging in sustainability practices during their time in our care. From popping food scraps into the compost bin to recycling paper and cardboard, and even conserving water by pouring leftover water from cups into our water conservation bowl, our young environmentalists are making a big difference! We're proud to see their dedication to caring for our planet and encourage them to continue their eco-friendly efforts.

Attention to all Grade 1 parents: In order to ensure smooth operations and maintain proper ratios, teachers will receive a list of children who will be attending after school care for the rest of Term 1 and Term 2. We kindly ask parents to update their bookings before their children attend before and after school care to help us manage our resources effectively. Your cooperation is greatly appreciated.

Thank you for your ongoing support and collaboration in providing a safe and nurturing environment for our children. If you have any questions or concerns, please don't hesitate to reach out to us.

Warm regards,

Eric

Director of Team Kid Before and After School Care
