Curious about a campus? - UAC Maptivate

UAC Maptivate, now available on our website, is an interactive map that enables you to traverse the continent and zero in on each of UAC's participating and apply direct institutions' campuses. If you're thinking of moving from home to study – or even if you're staying local – this tool can help you start your higher education journey in the right place. Maptivate allows you to explore the location and surroundings of campuses in your area and further afield. The map has two layers that you can turn on or off to show UAC's participating institutions or apply direct institutions. You can also choose to show or hide institutions in different states and switch between map and table format.

University of Wollongong Bachelor of Performance and Theatre - Early Admission Audition Webinar

15 August

As a part of your Early Admission application to the Bachelor of Performance and Theatre (Acting) you are required to submit an audition. This webinar will provide you with all the information you need to ace your audition, including:

- Timeline & key dates
- Audition performance pieces
- Audition tips and advice
- The audition assessment process

https://mkto.uow.edu.au/2023-Online-AceYourAuditionWebinar_Registration.html

University of Wollongong - Cyber Academy

The first-of-its-kind, the Cyber Academy is an inclusive program combining nationally recognised qualifications with paid, on-the-job training. Develop a career in the fast-growing cyber security sector and meet the needs of a changing technological landscape. You will fast-track your career in cyber security by completing a three-year professional apprenticeship program that offers:

- Industry experience - work at Deloitte, an industry partner or a government department
- Paid employment while you study
- Ongoing coaching and mentoring
- Access to Deloitte's graduate program and bootcamps
- Upon completion, you will have earned two qualifications: ICT50220 Diploma of Information Technology (Cyber Security) from TAFE NSW and a Bachelor of Computer Science (Cyber Security) from UOW

<https://www.uow.edu.au/study/cyber-academy/>

University of Wollongong - Early Entry Closing Soon!

Closes 11 August

UOW Early Admission is our early entry offer program for students completing Year 12 during 2023. When you apply for Early Admission, UOW considers your unique skills and experiences, alongside your Year 11 results, so you can earn an offer to university.

Notre Dame Sydney Open Day

26 August

Chat to our academics, alumni and current students about your study options and university life. Register now for our 2023 Open Day and explore everything that Notre Dame has to offer!

<https://events.nd.edu.au/opendaysyd23/begin>

Notre Dame Young Achievers Early Entry Program

Applications Close 30 September

Notre Dame's Early Offer 2024 program is for year 12 school-leavers completing the ATAR pathway. If you are currently in year 12 completing the ATAR pathway, you have the opportunity to secure a spot at the university that emphasises the whole person. Early Offer applications will need to include your Year 11 and Year 12 school reports and we base your eligibility on your predicted ATAR. You can find out more about our Early Offer minimum academic entry requirements for our programs on our website.

<https://www.notredame.edu.au/study/early-offer/early-offer>

UTS Open Day

26 August

Explore your course and career options at UTS Open Day! With 100+ information sessions, campus tours, the student experience and more on offer, it's a great opportunity to talk to academics and current students and get your UTS questions answered.

<https://www.uts.edu.au/study/open-day>

UTS Engineering and IT Edge Program

Applications Close 4 September

Give your application and career an edge. Your final ATAR score may be one indicator of your ability to become a successful engineer or IT specialist, but we know you are not just a number. So we're looking beyond the classroom to see what really makes you tick. Our Early Entry Program – Edge is based on broader criteria than the ATAR alone. Tell us about your passion for engineering or IT and we'll make it count.

<https://www.uts.edu.au/about/faculty-engineering-and-information-technology/programs-and-scholarships/early-entry-program-edge>

Macquarie University Actuarial studies co-op program

Applications Close 14 September

Develop your professional skills and networks across different workplace settings and bring your practical experience back to the classroom to further enhance your studies. Our Actuarial Studies Co-op Program is a highly competitive full-time honours degree. You'll graduate with practical knowledge, strong professional networks and enhanced employability in your chosen field. Co-op students alternate between classroom studies and workplace experience in the form of three industry placements of up to three to six months combined with on-campus preparatory and reflective practice components.

Powering the future: Exploring expanding career opportunities in the Clean Energy Sector

24 August

As Australia transitions from fossil fuel to clean energy, careers in the energy sector are evolving and expanding. New occupations are emerging and existing occupations are adapting as new technologies are introduced, bringing with them new career and education pathways and the need for new skillsets and mindsets. In this panel discussion hosted by Dr Anita Talberg, Workforce Development Manager at the Clean Energy Council, we will hear first-hand from several professionals from diverse backgrounds who are thriving in the clean energy industry. They will share their stories and provide some tips for young people keen to explore opportunities and pathways in the clean energy sector.

Building the cyber security workforce

Cyber security is now one of the most rapidly growing industries globally. The threat posed by the perpetrators of malicious cyber activities has spurred governments, the private sector and the research community to invest in cyber security products and services to the tune of around US\$250 billion by 2026.

<https://www.gooduniversitiesguide.com.au/education-blogs/guest/building-the-cyber-security-workforce-australia-needs>
