

# Values Survey Results

## Background & Methodology

The school has been using the PERMA framework as school values. Staff felt this was not easily understood by students and suggested we have a value linked to each PERMA area.

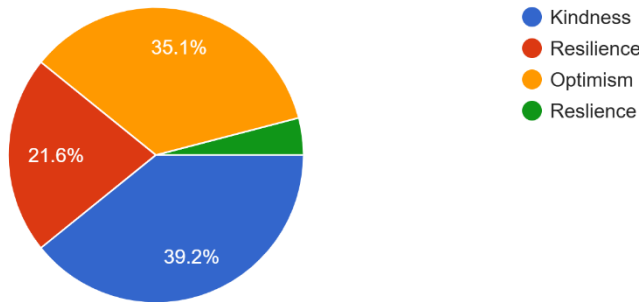

In Term 4 staff worked in groups to brainstorm possible values. Based on the results of this, the top 4 values of each area were identified.

The principal put together a survey late in term 4 to canvass the ideas of the parent community. 74 responses were received.
