ASbA

Australian School-based Apprenticeship.

Work one day a week and usually Saturdays in a Reece branch getting hands-on experience.

Earn a nationally-recognised Cert II in Supply Chain Operations or Retail Services; all done on the job.

Kickstart your career while you're still in Year 10 and 11.

Why ASbA?

Develop foundational skills that transfer to many different industries.

Earn above average industry pay.

Start here and grow your career. Many trainees move into full-time work as drivers, counter staff or consultants and progress to be branch managers and beyond.

Thinking about a trade? A third of our trainees begin apprenticeships using connections they make through the program.

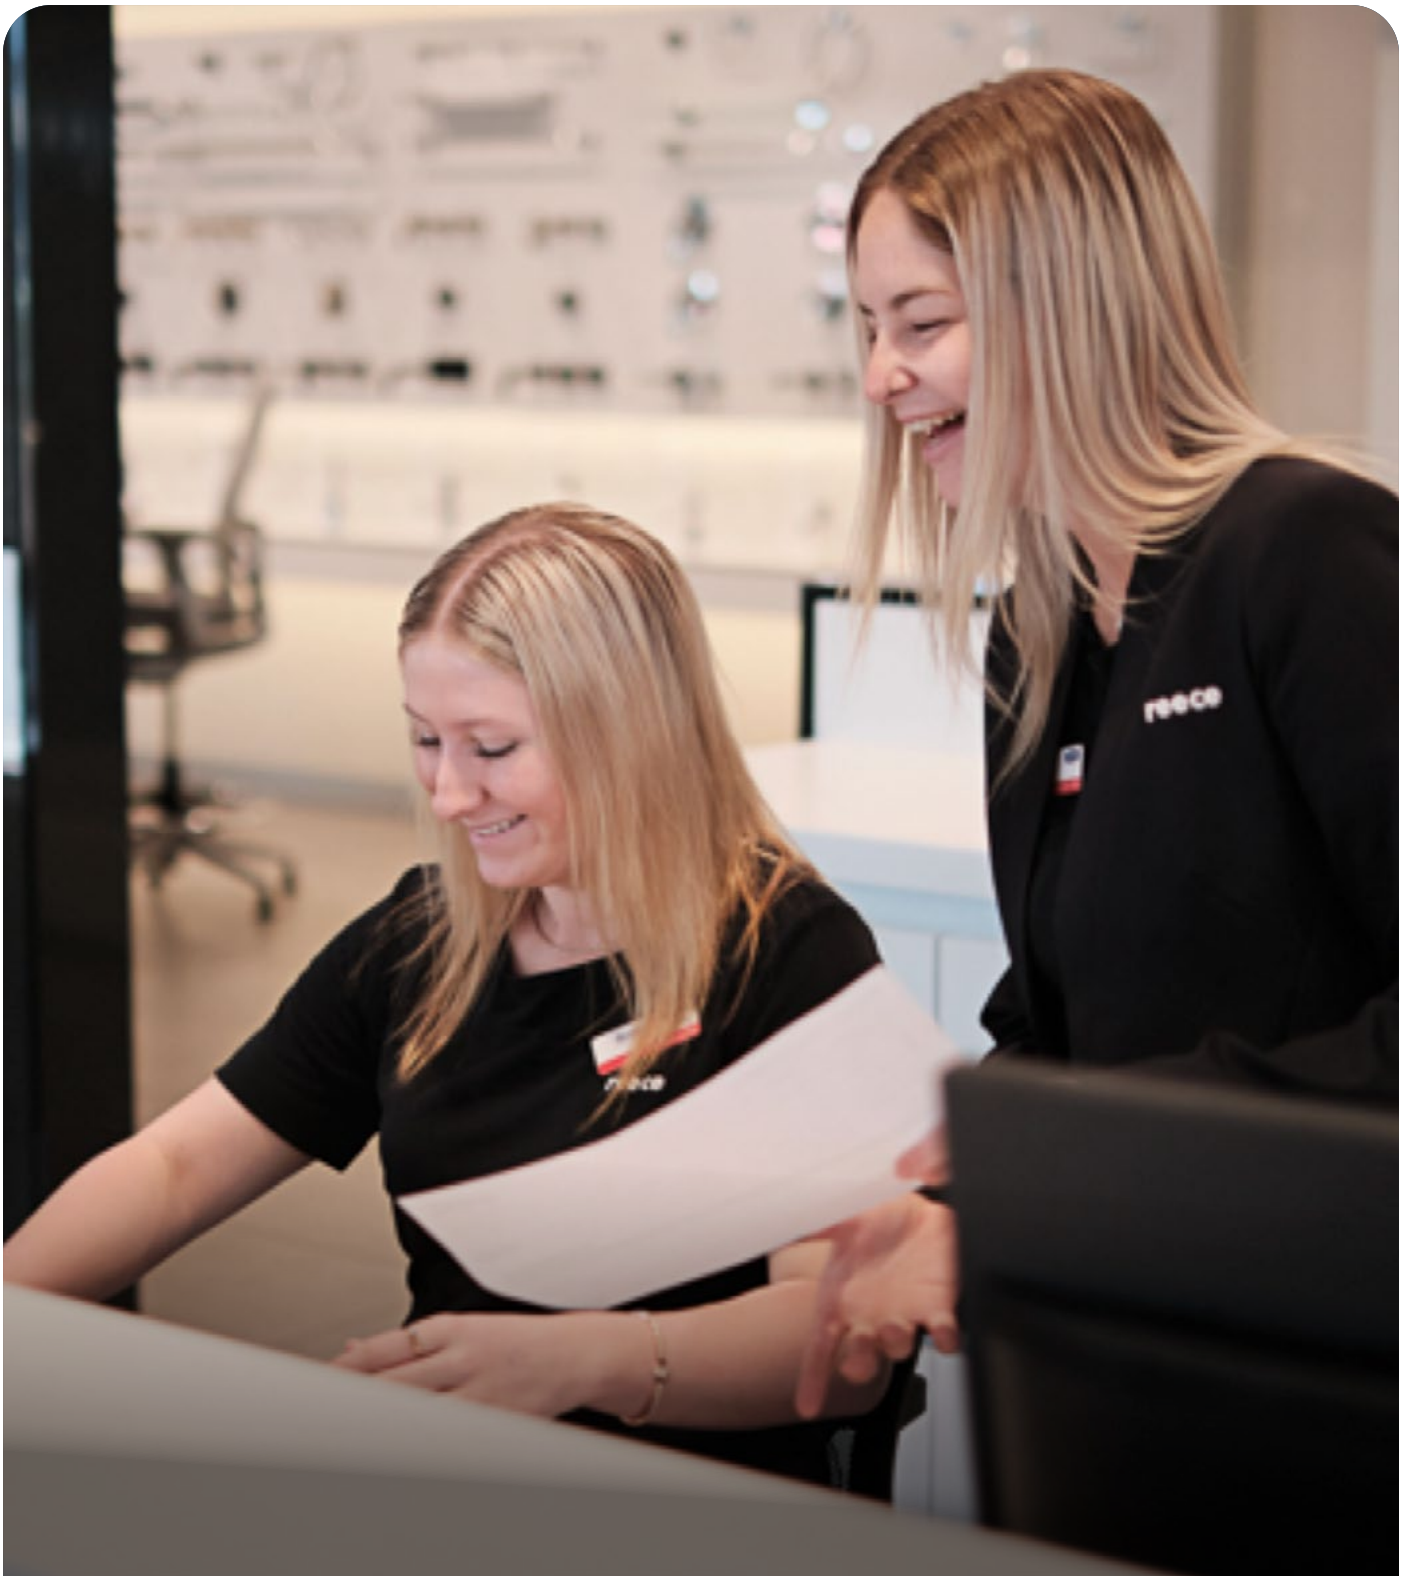

Supply Chain Operations

Qualify with: Certificate II in Supply Chain Operations

Best for students who are interested in warehousing, trade apprenticeships and retail.

Get hands-on experience in warehousing and stock management. Excel in a retail environment, and build strong relationships with customers and clients.

Retail Services

Qualify with: Certificate II in Retail Services

Best for students who are interested in retail, sales and interior design.

Get experience using cutting-edge interior design tools and techniques, like immersive 3D room modeling. Develop your sales abilities with guidance from experienced retail consultants. Work in a sales showroom and a trade counter, and get exposure to a broad range of products and customers.
