The boys on Saturday played a phenomenal game and were unlucky not to come away with the win. The first half was full of close chances only stopped by some incredible keeping from Iona. Marist would go down first but less than a minute later would return serve and even the score. The boys would then follow this up with another goal from the MVP of this game Hamish Donnelly who ended the game with 2. Iona would sadly place a perfect shot in the bottom left corner and the boys tried their hardest to score again but ended up with a draw. Good job boys looking forward to next week.

## 6D

*Wash Out*

## 6 Violet

6 Violet were looking to continue their winning ways against Padua on a wet and rainy pitch that proved to make the game a bit more scrappy than usual. Padua scored two goals early on, but our boys showed resilience and fought back to make it even. Padua then put another goal on the board but in true 6 Violet fashion we equalised late in the game to walk away with a hard-fought draw. We are developing well as a team and remain undefeated so far for the season and we are all looking to keep that status by the season's conclusion

## 6 White

Marist brought a great energy to begin the game, dominating possession and having some great opportunities in front of goal. After many unsuccessful attacks, A great pass from Preston followed by a great finish from Tom put us ahead. Laurie's were quick to equalise with a counterattack, and we went into the half drawn.

After a constructive half time team talk, Ethan was quick to put us up 2-1 with a brilliant run and finish through traffic. Again, Laurie's equalised on a counterattack, and got another goal from their pressing shortly after. Lots of credit needs to go to Ned and Orlando who were defensive anchors and prevented many more counterattacks while we fought for the win.

After being awarded a free kick, Ethan's shot forced a great save from the keeper, and the ball kindly fell for Jacob who brought us back to 3-3. This set up an exciting final 3 minutes of the game, with the players and crowd really getting into it. Laurie's keeper made an amazing game saving save to deny us the win, and after some back and forth attempts, the game ended a draw.

The boys should be extremely proud of how they played and the effort they put in. The team's

chemistry is really coming together and the positional play has come a long way too. We will carry this momentum into next week chasing our first win.

## **5D Blue**

Marist 5 Blue absolutely dominated the field in a 10-0 win over Iona in a fantastic display of teamwork, skill, and determination.

From the first whistle, Marist came out firing, putting pressure on Iona's defence and keeping the ball in their half. The goals came thick and fast, with standout performances across the pitch.

A huge shoutout to Fletcher Bardon, who was on fire today, scoring an impressive hat trick and causing headaches for the opposition every time he touched the ball. His footwork, positioning, and finishing were top-notch.

The rest of the team didn't hold back either—everyone played their part with great passing, strong defence, and a few more cracking goals to round out the double-digit win. Clean sheet to top it all off!

Well done, Marist 5D Blue

## **5D Gold**

The boys secured a 2-goal lead early with a strong first half and the help of a free kick that was promptly put away by Tristan. We backed this up with a strong effort in the second half to ensure we did not let them back into the game after letting in an early goal. Some class saves by Raphy and teamwork from our offense secured our win, ending the match 6-2.

## **5 Violet**

A fantastic 2-0 win for the Five Violet team today, on a Runcorn quagmire, against the Laurie's 5F. And whilst the parents maybe not so much, I know the boys at least, loved getting to play in the mud and in the rain.

Harrison Windsor with his harassing defence making steal after steal, his kick and chase down the sideline from our goal box and his excellent attacking play in the second half earned MVP today. Fellow MVP, the always dependable Leo Clifford, was everywhere in defence putting constant pressure on the Laurie's attack and is proving to be an excellent linking player in the midfield.

A couple of strong striking attempts on goal by Max Hammon was another highlight from today's game. And finally, a great cleanup after a keeper fumble resulted in another James McSweeney goal for the season. Funnily enough, the importance of following up on any goal attempt (rather than just admiring their own or their teammates awesome striking skills), was something discussed by the coaches at halftime.

Yet another game by the Five Violet lads played with great enthusiasm and in the right spirit. Showing already, they are Marist young men through and through. Well done gentlemen ... let's keep on building next week.

### **5 Red**

Despite the lacklustre weather, the 5 Red team played their first game with a full complement of players. Now that they are a cohesive group, they can work together to learn each other's strengths and weaknesses.

The boys demonstrated teamwork and dedication and began to take more responsibility defending the ball and trying to prevent the competitors from scoring goals. This is an area we will continue to work on in our training.

All players deserve a special mention, but congratulations must go to Harrison Carter for his goal keeping and kicking. Well done boys. We look forward to seeing how well you work together next week!
