Parents Association,
Mazenod College

Dear Members of the Parents Association,

On behalf of the Mazenod College Hockey Club, I extend our heartfelt gratitude for your generous donation. Your support plays a crucial role in our mission to provide excellent training facilities for our hockey boys, ensuring they remain competitive in the Perth Metropole hockey competition.

The funding has been instrumental in ensuring that our boys get to train on a hockey turf, which is vital for relevant skill development. We have also updated a few items for our goalies. With this new gear, our goalies can train more effectively and confidently, knowing they have the best possible protection.

Our goalies have been attending specialist goalie clinics before school on Tuesdays with the current U/23 Australian goalie. This clinic offers them invaluable training and insights that significantly enhance their skills and is offered free of charge by Curtin Uni Hockey Club to Mazenod. The opportunity to learn from a top-tier goalie is an incredible advantage, and we are already seeing improvements in their performance.

The continued support from the Parents Association not only boosts the capabilities of our team but also strengthens the spirit and unity within our hockey community and helps each boy that plays hockey at Mazenod. We are appreciative for your commitment to the growth and success of our club.

We are also pleased to announce that today our Mazenod team narrowly lost 1 - 0 to Bunbury Grammer in the Division 1 finals of the ACC hockey schools competition. What an amazing achievement! The school should be extremely proud of this result.

Thank you once again for your generosity and dedication.

Warm regards,

Neil Connan
Club President
