

CURIOSITY · KINDNESS · COURAGE · RESILIENCE

Dear Parents & Carers

All families are expected to provide students with essential classroom requisites each year. This year we will continue the same process with ([Rapid Office Supplies](#)) where families can order their child/ren's stationery pack(s) from the stationery provider's website.

To keep the cost to families as low as possible, we obtain 3 quotes to ensure we are getting competitive prices and purchase class sets to minimise items that parents supply. Families are strongly encouraged to purchase the Stationery Pack through [Rapid Office Supplies](#) as the cost is significantly cheaper than purchasing items individually from other providers, due to the school's bulk purchasing discounts.

Alternatively, you can source your child's stationery from a supplier of your choice.

1. Ordering from the Rapid Office website – (preferred method)

The stationery pack includes:

- all stationery required for 2023
- a Mathletics subscription for 2023
- a PMPS Journal Workbook (Yr3 – Yr 6)

To order the above please [select the link here](#). All stationery will be delivered to the school and distributed to the children when they return to school.

2. Ordering from an alternative supplier

If you wish to obtain the stationery from an alternative supplier, please inform the school via email of your intentions: port.melbourne.ps@education.vic.gov.au.

Please note that you will need to make a separate payment to the school to ensure your child has access to

- a Mathletics subscription for 2023 - \$ 15.00
- a PMPS Journal Workbook (Yr3- Yr6) - \$ 7.89

Mathletics

Mathletics is an individualised online math's program which allows teachers to set revision tasks for students to allow them to consolidate skills and concepts taught in the classroom. These tasks are set at the student's level and are expected to be completed as part of the homework program.

PMPS Journal Workbook

The journal is used to record student's thoughts, ideas, and reflections on a range of wellbeing, values based and academic learning. This directly supports our Respectful Relationships and Upstanders programs and provides a valuable reference for students to go back to when considering strategies and concepts.
