

Will. You should be allowed to tackle at school

Today I am going to tell you why we should be allowed to tackle at school. Firstly kids can have more fun at school. You can <sup>also</sup> play proper games of football, and it toughens you up. <sup>I believe</sup>

Firstly ~~the~~ kids can have more fun at school. You should also be able to tackle at school because more students will want to play and that will encourage more kids to play football outside of school. If someone gets tackled you can help them up, so it can improve socialising. <sup>and outside of school</sup>

Secondly you can play proper games of football. If you can play proper football that means you get to <sup>1\* more</sup> practice <sup>\*</sup> for your games on the weekend. Also if you play proper games of football that means the sports teacher (Mr Scicluna) can be on the oval, get some fresh air and umpire the footy match. <sup>it can help you to</sup>

Lastly ~~you~~ can toughen up. A <sup>high</sup> percentage of football injuries don't come from tackling they mainly come from ~~tripping~~ tripping over. Tackling will help you toughen up because if you're tackled you can try different strategies on how to break your fall when you're tackled on the weekends.

In conclusion that is why I think we should be allowed to
