## **CAREER NEWS**

Friday 24 May

- Year 10 VCE/VCAL Information Evening June 5
- Year 10 Careers Experience June 24-28
- Senior Years Career Expo Day July 31

**Job no:** 648674

The Coles Digital Work Experience program is designed exclusively for Year 10-12 students, and will run during the first week of the Term 3 school holidays (23rd September 2019 – 26th and 30th September 2019, 9:00am - 4:00pm each day).

The program will be held at the Coles Store Support Centre in Hawthorn East, and is aimed at students who have a passion for technology. The purpose of the program is to educate them on the wide range of roles that exist within the technology industry, and help build upon their interests.

The Coles Digital Work Experience Program consists of a range of interactive workshops and seminars run by senior leaders within the company. The program will also see students delivering a project of their own by the end of the week.

Topics will include: Digital Marketing, Data Analytics, Human Centred Design, Infrastructure and DevOps, Disruptive Technology in the retail and supply chain space, Project Management, Programming and more!

To be eligible, students should:

- Be in Years 10-12
- Be available to attend every day of the program and organise their own transport to the program location (800 Toorak Rd, Hawthorn, VIC 3123)
- Have an interest in technology!

Please note that places are strictly limited for this program. Prior coding knowledge is not required to participate in the program.

We are committed to providing an accessible program and supporting a diverse working environment.

Applications close **16<sup>th</sup> June 2019**, 11:55 PM. We will contact applicants shortly thereafter via email in regards to their application outcome.

#### **UNSW Co-op Program 2019**

Set up by industry and the **University of New South Wales (UNSW)** the **Co-op Program** provides career development scholarships for high achieving undergraduate students, offering *industry* training, leadership, and professional development, networking opportunities, mentoring and financial support. The scholarships are offered in the fields of Business, Science, and Engineering.

The *UNSW Co-op Program* is open to Year 12 students entering university for the first time, or those commencing university for the first time after a gap year. Candidates for scholarships are not only selected on their academic ability, but also their communication skills, motivation, leadership potential, and passion for their chosen field of study. Any student expecting an ATAR above 90.00 should consider applying, remaining aware that the indicative minimum ATAR will be 96.00.

#### What do students gain?

- Up to 18 months of relevant industry experience with multiple companies during their degree
- Financial support of \$19,600 tax free per annum over four years
- Leadership and professional development training
- Mentoring and support offered throughout their degree
- Career planning
- Opportunities to network with leading employers and make valuable contacts within your industry

Applications have opened and close on 30 September 2019. Students can visit <u>UNSW CO-OP Program</u>, call (02) 9385 5116 or e-mail <u>cooprog@unsw.edu.au</u> for more information.

#### **Bachelor of Business Administration**

Great management and proper administration are essential for the success of every business, large or small. Every industry needs people with strong business skills to manage, grow and improve the day-to-day operations of organisations and workforces. The **Bachelor of Business Administration** offered at Monash University's Peninsula Campus focuses on job readiness, to give students the practical skills they need to operate effectively in business environments. It also gives students the chance to gain a business qualification from a leading university, without requiring the Year 12 maths prerequisites of many other business courses.

Find out more at Bachelor of Business Administration

#### Bachelor of Design (Digital Technologies) at Deakin

Develop the technical skills required to delve into software design, user interface design and design for augmented and virtual realities.

This 3-year course combines software design, immersive virtual reality and augmented reality experience design, mobile app design, web design and creative arts design skills to support employment outcomes that differ from those of traditional IT or creative arts degrees. This intersection of technical and artistic skills offers graduates opportunities to extend their design skills into the application of technological products.

Browse <u>Bachelor of Design (Digital Technologies)</u> to find out more.

## UNIVERSITY Bachelor of Arts (Textile Design) at RMIT

Gain the necessary knowledge and skills to be an internationally attuned and creative textile designer with the capacity to work across a range of industries and fields, globally and internationally. Students develop design expertise, conceptual thinking, critical analysis, as well as practical, creative and technical skills in textile design.

A key focus of the course is the immersive and engaged studio experiences, which enable students to develop innovative design concepts and material outcomes. Students work with leading academics on commercial and conceptual projects that explore the diversity of textile design practice.

A NEW

#### THOUGHT. Diploma of Paramedical Science at VU

The 1-year <u>Diploma of Paramedical Science</u> at VU prepares students to work in pre-hospital and out-of-hospital care in the health care industry. Students will be qualified to work in the private and non-emergency patient transport sector as an Ambulance Transport Attendant (ATA) in Victoria. On successful completion of this course, it may be used as a guaranteed pathway to the Bachelor of Paramedicine at VU with one years' credit (96 credit points)

#### What is a Barrister?

A barrister is a lawyer with specialist skills in representing clients in court or in a negotiation and advising on court processes. Many barristers are specialists in particular areas of law, such as criminal law, corporations' law, property law or personal injury.

Any lawyer can become a barrister. Becoming a barrister is about your skills and abilities, not what school you went to or what ATAR you got. The Bar has diverse membership from many ethnic backgrounds. You can come to the Bar at any age – the youngest barristers are in their 20s and the oldest are in their 80s. The Bar is short for the Victorian Bar which is the professional association representing over 2000 barristers in Victoria.

**So, how are barristers and solicitors different?** Barristers and solicitors are types of lawyers. Solicitors are generally the first lawyer that a client will see to explain their legal problem. Not all legal issues end up in court – for example, drafting a contract or a Will, or looking after buying and selling a house – so not all legal issues require the expertise of a barrister.
