

# Lasallian Volunteers 2020

- Are you looking for the opportunity of a lifetime?
- Do you want to make an impact and help support those in need?

*Volunteering in our Lasallian programs will offer a world of opportunities for knowledge and personal growth - whether you're a High School graduate, University student, Principal, Teacher, or anyone else who wants to get involved!*

Are you a High School graduate thinking about taking a gap year after school? Do you know a young adult who is considering taking a gap year or who might be interested in sharing their passion and gifts with others? We offer long-term (11 month) opportunities within Lasallian communities across Australia, New Zealand and Papua New Guinea.

Each volunteer has an experienced Mentor who accompanies them throughout their time of service. There is an in-depth orientation program before the placement begins in January as well as a transition-home program in December. A once-only contribution of \$1,000 towards travel expenses to assist the cost of flights to and from placements.

## Our Placements offer unique opportunities to:

- Participate in exciting Ministries in one of three countries
- Explore further personal values, spirituality and direction in life
- Experience faith-based community living
- Develop and deepen what it means to be a Lasallian

## Here's why you should recommend the program to students:

- It is an opportunity to live out the Lasallian values of Faith, Service and Community
- Being a Lasallian Volunteer can help support students to grow as young adults, as well as offer a unique experience to better understand what they would like in their own futures
- Lasallian Volunteers are great ambassadors for your school, both during and after their year in service, showcasing your school's character and values
