

## A SUCCESSFUL PROGRAM

WACE+ Revision and Exam Preparation Programs, which are delivered on the Hale School campus, have a history of successfully supporting students who are striving to achieve their academic objectives. To view the students' evaluations of past programs see the 'Program Feedback' tab at [mastermindaustralia.com.au](http://mastermindaustralia.com.au).

These classes are open to all secondary students studying the Western Australian curriculum. Our cohort consists of students from a wide variety of schools located in suburbs around Perth and there are always students from regional areas who understand the value of including the programs in their holiday schedule.

### PROGRAM STRUCTURE

The subject revision and exam preparation classes consist of ten hours of teaching broken up into two hours a day for the five days. The Study Skills and Essay Writing tutorials comprise a total of five hours of teaching broken up into a one-hour session a day for the five days.

All of the classes are conducted in F Block on the Hale School campus. Class roles for each of the subjects are displayed on the notice board in the F Block corridor and admin assistants are in attendance all week to show students to their rooms and solve any problems that might arise.

### ABOUT OUR TUTORS

The staff engaged to deliver these programs are experienced subject specialists. Some are heads of department, others are senior teachers and most have marking experience. They have all delivered similar programs in the past and the student feedback from these classes has always been excellent.

## April Revision Program

The April Program is open to students from all Western Australian schools and will be held on the Hale School campus in the second week of the holidays.

### THIS PROGRAM INCLUDES:

**Study Skills:** These tutorials consist of five hours of teaching broken up into one hour a day for the five days. They focus on units such as exam techniques, stress management, goal setting and time management.

**Essay Writing:** The essay writing tutorials consist of five hours of teaching broken up into one hour a day for the five days. They re-teach the structure of a critical essay, reinforce the importance of constructing a sound thesis and topic sentences, and revise how to include evidence to justify these claims.

**Subject Revision:** These classes consist of 10 hours of teaching broken up into two hours a day for the five days. The program consists of re-teaching and revision, and is designed to reveal to students how the work they have learnt will be assessed in their first semester exams.

**ATAR Exam Preparation:** The tutorials commence with a focus on specific topic revision followed by a discussion on how this material is assessed in ATAR-style exam questions. There is sufficient time within the ten hours for teachers to model how to answer exam questions successfully as well as time for students to independently practice constructing their own responses. All our ATAR teachers know what needs to be addressed to ensure students achieve success in their first semester exams.
