

Boambee Public School

Kindergarten Information Book

For 2023

General Information

Our school is a positive and dynamic place of learning which works closely with its community to provide a rich range of learning experiences that cater for the diverse needs of our students.

Features of our school include:

- Our quality learning design catering for gifted and talented students.
- We are an L3 school and we supplement this with Heggerty's Phonemic Awareness and decodable texts.
- Caring, dedicated and professional teachers who inspire a love of learning.
- A productive and positive relationship with our parent body and community.
- The use of technology imbedded into all classrooms to enhance student learning.
- Our Positive Behaviour for Learning and Smiling Minds Programs.
- High expectations of student achievement and behaviour.
- Adherence to a strong uniform code.

We take pride in the delivery of our educational services as we continually strive for excellence in student outcomes.

Kindergarten at Boambee

Kindergarten is the first step in a child's formal education. It lays the foundation for future learning and provides children with vital skills and knowledge in six key learning areas:

- English
- Mathematics
- History/Geography
- Science and Technology
- Personal Development, Health and Physical Education
- Creative and Practical Arts

The program enables students to speak, listen and interact in meaningful and socially appropriate ways. Children engage in hands on active learning in a supportive learning environment that is responsive to their learning needs.

Opportunities we can offer your child:

- The 'Language, Learning and Literacy' (L3) program provides rich literacy experiences to assist kinder students to become successful readers and writers.
- Targeted Early Numeracy (TEN) Program provides students with strong numeracy skills.
- Access to technology such as interactive whiteboards, ipads and computers for all students from Kindergarten to Year 6.
- Positive student wellbeing programs for Kindergarten to Year 6 including PBL and the Smiling Minds Program to develop resilience and mindfulness.
- Specialised support for students experiencing difficulties in learning.
- Excursions for Kindergarten to Year 6 linked to student learning programs.
- Participation in a variety of sports at varying levels.
- Opportunities to develop social, sporting and cultural talents.
