

## Surveyor's Assistant Roles at Site Surveys

### About us

Site Surveys is a small land surveying business based at Kedron. We currently have 10 staff and are looking to grow. We have a history of employing school leavers looking for a gap year between school and university and introducing them to land surveying as a career.

Previous surveyor's assistants have continued to work with us while studying surveying on a part time basis, so we are experienced in supporting staff while they study part time.

### About the role

We have up to 3 positions available for a start in December 2024 (after Schoolies Week) or January 2025.

- Would suit a Year 12 leaver who is looking for a gap year, especially anyone interested in studying Surveying at University of Southern Queensland
- Approximate ATAR 80.0-93.0 for someone looking to study surveying at University, or ATAR 62.00-80.00 for someone looking for a survey technician role
- We're looking for a minimum 12-month commitment for the role as the successful applicant will receive extensive training in
  - Drafting using CAD
  - Using laser surveying equipment
  - Being involved in 3D modelling
- The role will entail approximately 60% field work and 40% office work.
- All knowledge and work skills are transferable to other property related careers (e.g. engineering, architecture, town planning etc.)
- We're looking for someone who is outdoor oriented, physically fit, and can spend a full 8-hour day outside. This position is ideal for someone who plays or referees team sports.

### How to apply

If you're interested in the above role, please send your resume outlining your suitability against the above items to [mail@sitesurveys.com.au](mailto:mail@sitesurveys.com.au). Cover letters should be addressed to Mr Julian Parsons. Initial interviews for the role can be held from early October onwards.

Please call our office on 07 3367 0433 if you have any questions about the role being offered.
