

PORT MELBOURNE TEAMKIDS NEWSLETTER

WHAT'S BEEN HAPPENING

Dear TeamKids Families,

We have had an amazing start to Term 3 at TeamKids Port Melbourne. We are excited to share that our Winter Program was a great success, with children enjoying a variety of engaging experiences including exciting excursions, incursions, and in-house activities. Throughout the program, children had the opportunity to explore new interests, build friendships, develop confidence, and create many memorable moments with their peers.

Over Weeks 1 and 2, children have been actively involved in planning for our upcoming club activities. Children have shared their ideas, voted for their favourite clubs, and worked together with educators to help design activities based on their interests. This child-led approach has encouraged children to have a voice, demonstrate leadership, and contribute to the TeamKids community. In Week 3, we will begin implementing these clubs, and we look forward to seeing children participate in activities they have helped create.

Some highlights from the past two weeks included our glitter slime-making activity, where children explored creativity, sensory play, and scientific thinking while experimenting with different colours and textures. Children also created a paper chain Rainbow Serpent inspired by Aboriginal stories, providing an opportunity to explore culture, storytelling, creativity, and respect for Aboriginal perspectives.

Our World Cup-themed activities were another highlight, with children enjoying soccer matches, designing their own paper football jerseys representing different countries, and sharing conversations about their favourite teams and players. These experiences encouraged teamwork, collaboration, problem-solving, and creativity.

Thank you to all families for your continued support and for being part of the TeamKids Port Melbourne community.
