

Dear Brookside Families,

Our Out-of-school hours care (OSHC) programs focus on developing the social and emotional skills of children through school connectedness, self-management, self-efficacy, and social awareness.

When it comes to programming and strategizing for children, our main objective is to highlight and build upon their strengths in order to enhance their learning process and provide support in areas where it is needed. We place equal emphasis on group activities and individualized attention, while also maintaining detailed documentation such as individual child profiles and observations. This documentation is designed to be meaningful for families, easily accessible, and offers clear assessments of the children's learning and developmental progress.

Upgraded Parent Portal: We are delighted to announce the launch of a new feature on our Parent Portal that showcases a two-week programming schedule. This enhancement enables families to preview upcoming activities and make bookings based on their activity preferences. By aligning our program submission timeline with this new Parent Portal feature, families will have greater transparency and accessibility to our services.

Rocketeers (Vacation Care): Friendships are made at our Holiday Programs. Building friendships and creating new ones is what we are great at. Rocketeers allows children to escape the ordinary and experience the extraordinary during their school holidays. Our holiday programs are unique and offer a range of base camp days, incursions and excursion. The Program will be available from Monday, 1st July to 12th July from 6:30 am to 6:30 pm. To see the detailed program of your OSHC Care - Camp Australia Brookside P9 College, Caroline Springs- click on the link given below-
