

What's been happening...

Hello St Augustine's,

What a big term we have had in our community. Poppy has been holding the fort and organising our amazing Holiday Program while Jake and Laura had Placement for their teaching degrees.

Our Excursions and Incursions are back on track again this Winter Holiday Program, so please have a look at our Program below and book those cherubs in! It's a lot of fun and gives carers a day to Zen out.

This term our family connections grew stronger as we caught up at the Mother's Day Breakfast and had general chats about their children and life events.

We wish to give our condolences to Pearl McIntosh and her family for their recent loss and to Sister Jean-Louise as well. May their souls Rest In Peace.

We want to thank the children for being the amazing super stars they are. They are so resilient and clever, always bringing positive energy to our space.

Lastly, a big heartfelt farewell to Frank, you will be deeply missed here.

We wish you all a restful and fun Holiday! Safe travels for those who have journeys ahead.

Poppy, Laura and Jake.

**Book in for
Holiday
Program
today!**

Coming Up at Holiday Program!

June
29

Excursion to Funtopia
Playground World

June
30

Incursion for REAL Australian
Reptiles!

July
07

Excursion to the movies at
Hoyts Watergardens

Special Announcements

This term our attendances have risen, and this makes a huge impact to the atmosphere of the service. Thank you to the families who return and book their children in for the social experience. They are genuinely so happy and safe here. If you are considering it, please give us a chance to see what all the fuss is about!

And to the Grade 6's Thank you for being awesome role models to our younger students.

Quality Area Reflection

We know that paper is a big contributor to waste and that's why our students use Whiteboards, their own Artbooks and Recycled paper for their art creations. Sometimes we need to discuss this and the process of how paper is made. This will be extended upon in Term 3 as we explore habitats!

We want to ensure that they begin to understand the Environmental Impact made by humans and feel a responsibility to protect the earth.

Holiday Program Themes!

Please note that everyday we run several big and many small activities to match our theme for the day. We aim to educate your children through big and small Ideas.

Our service welcomes many children from other schools, but we still *love* to see our own students from the school.

Please come and join the fun!

Monday 27th

Teeny Tiny Day

Tuesday 28th

Life is a Board
Game

Wednesday 29th

Think Smart, Play
Big Excursion

Thursday 30th

Roaming Reptiles
Incursion

Monday 4th

Celebrating
Emergency
Workers

Tuesday 5th

Aussie Art Attack!

Wednesday 6th

Wacky Wednesday

Thursday 7th

Movie Mania

Friday 8th

PJ's and Pie Day

Coordination Corner

We want your feedback!

We ask our students what they want from OSH Club and make sure that their ideas come to life through the Children's Meeting every week.

We also want to engage with our families, parents and carers to see what they want for their children.
