MESSAGE FROM THE COORIDNATOR

Dear Parents/Guardians,
We are having a blast at Taradale OSHClub!
After going around the world we have settled into week 4 with experiments. From mentos in oil, colour changing flowers, volcanoes and more. We have started exploring the outside world with nature walks once a week and have started to take responsibility of tidying our area as we go.
We celebrated OSHClub educators day on the 26TH of July, I just wanted to say a very big thankyou for all your kind words and gifts. This service is truly the best. have a great weekend!
Charlotte Fawcett,
Taradale OSHC Coordinator

WEEK 3

The children started their week off with Ella, exploring all things Aussie. We then explored Mexico, America, Brazil and France.

Our new educator Charlotte also known as "char char" by the children started working with us and has already started building amazing connections with the children. Week 3 was a slow week with most children choosing to play outdoors or wanting to do their own activity. These included loom bands, building picnics and playing with the building blocks. We had a party to celebrate the educators and played some fun party games. The children loved having Chris come and visit for some afternoon party treats.

W! PARTY TIME W!
ccc

WEEK 4

Week four has been bursting with fun activities. We have participated in designing our own pancakes and bringing them to life, we have conducted some fun experiments and even had a visit from my puppy Pablo. Everyone should be so proud with how they were around him. We talked about pet responsibilities and how to care for animals. We explored Indigenous Astronomy and the ways they used to use the stars for certain activities. We also made a delicious pesto pasta and cheesy pasta for others.
