## ART TRAIL: 2021, ISO EDITION #2!

Can you find all of these mini-worlds we've created for you around the perimeter of FPS? And we have a challenge for you at stop 12... get yourself shrunk too!

Each of the Art4All mini-worlds on page 1 have a number... simply place the number of the mini-world wherever you find it on the map below. **Look out for the Art4All stickers to give you a hint where to look for your tiny friends!** And remember: NO touching! Just looking 😊

When you get to #12, take a snap of yourself shrunk... if you like, you can send it to us to go in the Shrunk Art Gallery on [artforall.com.au](http://artforall.com.au)!
