

Classroom Moments 4H

TEACHER MESSAGE

It has been wonderful joining the class 4H as their new teacher in Term 3 and seeing how settled, happy and connected our students have become. They have built trusting relationships and shown wonderful growth in their confidence, skills, independence and work ethic.

Students are taking pride in their learning, eagerly attempting new challenges, and following routines with increasing confidence. They have also embraced the important message from the story which we read this term called "Kookoo Kookoobura" that kindness is like a boomerang – What we give to others can come back to us. It has been lovely to see them reminding and encouraging each other to be kind.

I am extremely proud of their growth in kindness, patience, tolerance, confidence and learning. Well done on a fantastic Term 3!

Thank You!

Teacher's Note

Highlights of Learning in Term 3

Maths: Students explored subitising, measurement, partitioning, fractions and equal sharing.

English: Students have continued to develop their phonic skills, strengthening letter sound knowledge and word building and decoding skills. They also explored fiction and non-fiction texts, made predictions and developed their comprehension through sequencing and summarising stories.

Integrated Learning: Students learnt how technology has changed over time, including phones, televisions, household technology, classroom tools and transport.

Personal and Social Learning : Students explored their personal strengths, goal setting and positive ways to participate and contribute within community.

Heavy works and Physical development : Students participated in heavy work activities, ball games, bowling and warm up exercises, developing their strength, coordination, stamina and motor skills.
