

# Returning to School

A social story about returning to school after remote learning

For the past few weeks, children have been learning remotely at my school.

This is because of the Coronavirus.  
People have stayed at home as much as possible to stop the virus spreading.

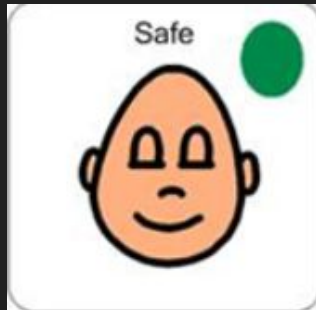

In Week 3, children at my school will return to school one day a week. I will return to school one day a week too. When I return to school, my teacher will be there. Some of the other children in my class will be there too.

The days I am not at school, I will still do my work on SeeSaw using the work from my teacher.

# Our school is a safe place to be.

- There is hand sanitizer in my classroom.
- My teachers and friends will regularly wash their hands
- My friends and teachers will practice social distancing
- Our school is clean and safe

# Some things at school will be the same.

- I will be in the same classroom
- My teacher will be there
- Mrs. Charadia, Mr. A and all of the other teachers will be there too
- I will play in the playground at recess and lunch-time
- I will be learning Reading, Writing and Maths

# Some things will be different.

- I will only go to school for one day a week to learn in my classroom
- Some of my friends will be there on the same day as me. Some of them will come a different day to me
- I will use my water bottle instead of using the bubbler

If I am worried about returning to school, I can let my teacher or my parents know. I can say “ I feel worried. Can you help me?”.

Although there is still Coronavirus, my school is a safe place to be.  
I will be safe at school.
