Around the Grounds

6A

The boys put together their most complete performance of the year, as they held Iona scoreless. Each player was deserving of an MVP vote. We have a new clubhouse leader for goal of the season - Jimmy Travers; on the run, just inside the boundary line, Jimmy managed to kick a drop punt which sailed through the goals.

6C

The 6C's just get stronger and stronger each week. A fantastic team effort saw the boy's win, 91-16, against Iona. Although, winning easily throughout, not once did the team slack off, fighting hard till the final siren.

5A

From the first bounce the 5As were dominant. They kicked the first 3 goals of the game for the second week in a row, except this time they put together a strong 4 quarter performance. This week was easily the best defensive performance we've put in, making it almost impossible for Iona to score. Special mention must go to Harry Stevens who kicked 5 goals in his first game for the As.

5C

Iona came out very strong, kicking three unanswered goals in the opening minutes of the first quarter, however the boys did well to fight back and take the game on in quarters 2 and 3. The scores were neck and neck at the start of the fourth and Marist got out to an 8 point lead early in the quarter, however Iona showed their poise and skill by clawing back and getting away with an 8 point win. Irrespective of the outcome, the boys should keep their heads up and be proud of their efforts and stay hungry to win for next week.
