PIXEVETY APP GUIDE

pixevety™ Smart Photo Management for Schools

1 Download the pixevety app

Access the iOS App store or Google play, search for **pixevety** and download the app. Login using your pixevety credentials, if you haven't registered press 'sign-up'.
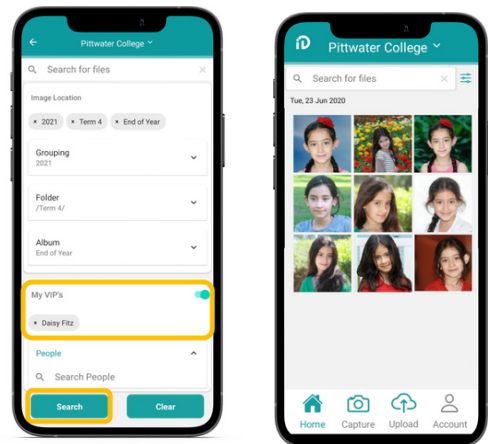

After logging in, the Galleries you are connected to will appear. Select our Gallery to view its content.

2 Search for My VIPs

View images of your child using My VIPs. Select the filter located next to the Search bar, scroll down to the My VIPS toggle and press Search.
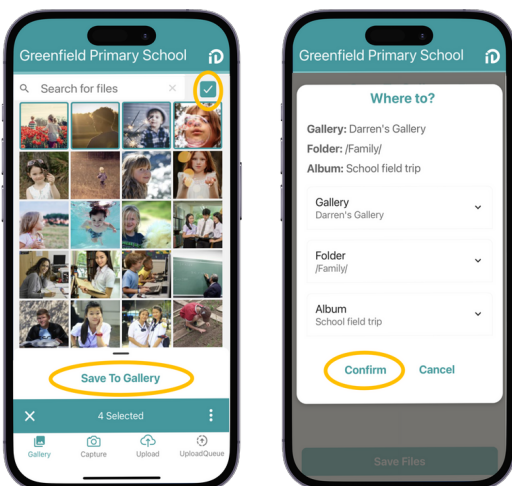

The Gallery will update to display all images of your child.

3 Save to Gallery

Press ☑ in the top right hand corner of the Gallery view, select one or more images to save to your personal pixevety Gallery. Select your location and Confirm.

To view the images, click ☰ and select the Gallery the images are saved to.

4 Save to Device

Click on an image for a larger preview, and press ⋮ in the top right hand corner. Save a copy of the image by selecting Save to Device.

Get it on Google play

Available on the App Store
