Low Income Healthcare Card for Australian Students

Once you have finished school you are no longer a student and you may be eligible for a Low Income Health Care Card.

This card gives access to a range of concessions, not only on some health care items but also on a range of other goods and services. In particular, TAFE and other short courses offer substantial discounts for cardholders.

You may also be eligible for public transport concessions (note that if you are studying interstate you are not eligible for public transport concessions in Victoria).

Eligibility for a Low Income Health Care Card is based on **YOUR** income over the previous 8 weeks. As long as your income is less than \$4296 over that period you should qualify. You will maintain the Low Income Health Care Card as long as your income does not exceed \$4296 in any 8 week period.

It is recommended that all graduating Year 12 students consider applying for this card once the exams are over.

Looking for Work?

Students considering looking for part time or casual work over the Christmas and New Year break, might like to browse the major retail chains. Students are reminded to not limit themselves to the major stores, but to also think about places near to their homes – think about things that are close by, the shops they go to, the places they eat, etc.

Remember, there are so many different ways to keep busy during school holidays, and activities do not have to always be paid work. For example, volunteering for local charities is a great way to contribute to the community:
