What is VET in the VCE?

VET stands for *Vocational Education and Training*, and vocation refers to work or employment. **VET in the VCE** programs are designed to give students an exposure to practical skills and an understanding of what it is like to 'learn through doing'.

So, students can opt to do a VET subject while completing their VCE and, in many cases, the VET qualification contributes towards the VCE and the ATAR.

MONASH University

News from Monash University

➤ Important Notice: Changes to Maths Prerequisite for Biomedical Science

The [Bachelor of Biomedical Science](#) will accept General Mathematics as a prerequisite for entry as of 2026, and the minimum study score required will be 25. The study score for Methods and Specialists will be adjusted to 22. There are no changes to the physics or chemistry required study scores – they remain at 25.

The change to prerequisites DOES NOT apply to the following double degrees as Commerce and Engineering both require higher-level maths.

Commerce/Biomedical Science

Engineering/Biomedical Science

Law/Biomedical Science - will honour the previous prerequisites for the next two years, and no subject adjustments will be applied for any Law double degrees.

Bachelor of Information Technology (Professional Practice)

Do you want to earn while you learn? Do you want to develop an understanding of delivering large scale and complex IT projects, through a combination of study and practical industry experience.

Federation University offers the ***Bachelor of Information Technology (Professional Practice)*** which is an innovative program that has been developed in conjunction with

industry to produce graduates who have an appreciation of the culture of work as an IT professional.

With the opportunity of employment at global tech giant IBM®, Kyndryl, Westpac, NAB or another of its industry sponsors, this unique program is designed to ensure students are industry ready when they graduate as an Australian Computer Society accredited professional.

The Bachelor of Information Technology (Professional Practice) incorporates 1600 hours of work integrated learning in a paid internship placement organised by Federation University with one of its industry partners, and students will earn at least \$50,000 over their final two years as they combine their work and study.

Studying a Common First Year in Engineering

A number of Victorian universities offer a common first year in their Bachelor of Engineering (Honours) degree. The advantage of a **common first year** is that students get to explore various specialisations in their first year, preparing them to choose an engineering field in their second year. So, students get a taste of the various engineering specialisations on offer before deciding which to pursue from the second year.

Deakin University - [Engineering](#)

Deakin offers five engineering specialisations as part of their Bachelor of Engineering degrees, all of which participate in the common first year. The Bachelor of Software Engineering is a separate degree and does not have a common first year with the main Engineering degrees.

Monash University - [Engineering](#)

Monash offers ten engineering specialisations and, all but the Biomedical Engineering specialisation, participate in the common first year.

RMIT University - [Engineering](#)

RMIT offers ten specialisations, all of which are accessible after the common first year.

Swinburne University - [Engineering](#)

Swinburne offers eight engineering majors, and in the common first year, students complete a number of core units that assist them in choosing their major.

Cetacean Sisters Workshop

Join Our Exciting Science Workshop Series: Inspiring Your Daughter's Passion for Science

Cetacean Sisters is a hands-on science program for secondary school girls, focused on dolphin and whale research and conservation in Port Phillip and beyond. Through workshops, mentoring, and real-world data examples, it inspires young women to explore STEM careers.

Workshops are run outside of school hours throughout the year, on the Mornington Peninsula over five, two-hour workshops.

Workshop Highlights:

- **Hands-On Learning:** Each workshop will offer interactive and practical experiences, providing a deep dive into the world of cetaceans found in our local waters.
- **Expert Guidance:** The sessions are led by a passionate local cetacean scientist and educator, along with her experienced marine scientist colleagues, all eager to mentor and share their expertise.
- **Career Insights:** While this workshop isn't a direct substitute for traditional work experience, it offers valuable insights into the marine science career path, showcasing the opportunities and realities of working with marine wildlife.

The next workshop, held in Mount Martha, starts on Saturday 9 August 2025

Further information can be found [here](#). Workshop dates can be found and places booked via [Humanitix](#).

Universities in Western Australia

There are *five* universities in Western Australia, one of which – the *University of Western Australia* – is a member of the [Group of Eight](#) universities.

1. Curtin University

Curtin University is a large multi-cultural university. It has a strong commitment to international engagement with Australia's third largest international student population. It maintains campuses in Malaysia and Singapore while also conducting face-to-face teaching in a number of countries. This cultural diversity adds a rich and valuable dimension to its campus atmosphere and also prepares the graduates to live and work in an increasingly global environment.

Curtin is also fundamentally committed to providing regional education within Western Australia through a number of campuses and education centres spread across the state, but also has a campus in Sydney where it offers a range of business courses. Curtin University recently introduced undergraduate medicine.

Visit [Curtin University](#) to find out more.

2. Edith Cowan University (ECU)

Established in 1991, **Edith Cowan University (ECU)** is a large multi-campus institution serving communities in Western Australia and a significant cohort of international students. ECU is considered a pioneer in the development of alternative entry pathways to higher education, helping Western Australians reach their potential.

Visit [Edith Cowan University \(ECU\)](#) to find out more.

3. Murdoch University

Murdoch University has more than 18,000 students and 1,400 staff with a desire to discover, use their imaginations and ultimately make a difference. There are over 200 undergraduate degrees and postgraduate courses offered across a range of disciplines, including *Veterinary Science, Law, Education, Psychology, Business, Security Terrorism and Counterterrorism* and *Nursing*. The university is recognised for excellent teaching, ground-breaking research and high student satisfaction rating.

Find out more at [Murdoch University](#).

4. University of Western Australia (UWA)

The **University of Western Australia (UWA)** has very high-quality undergraduates and this is underpinned by the fact that the proportion of UWA graduates accepted into full-time employment within five months of completing their course is the highest of all Western Australian universities and among the highest in Australia. UWA offers graduate Medicine.

Visit [University of Western Australia \(UWA\)](#) to find out more.

5. University of Notre Dame Australia (UNDA)

The **University of Notre Dame Australia (UNDA)** was founded through an Act of the Parliament of Western Australia in December 1989 and now has over 7000 students enrolled on its three campuses in Fremantle, Sydney, and Broome. UNDA offers graduate medicine, and it is offered at both the Fremantle and Sydney campuses.
