Community Partner Update

kids & dads*

Free activity for children age 0-12 and the significant man in their life, to enjoy fun activities together, learn new skills and build relationships.

Now in its fourth year, kids&dads* recently asked its participants what they valued most about coming along. Sure they enjoyed the free activities, felt supported by the facilitators, and loved the generous host venues and their resources, but valued most was the opportunity to spend time with their children, followed closely by getting to know other male caregivers.

Activity groups operate in O'Sullivan Beach, Hackham and Aldinga Beach. Whenever possible we love to spend time outdoors. And while we often have projects on the go and age appropriate activities to try out, we love to see children develop and explore their own ideas and have their male caregivers follow their lead.

From 2020, we launched the new "kids&dads* in kindy" program. This is an opportunity for children to show off their kindy/childcare to the significant males in their lives. Our first event was a great night of fun seeing the men entering into the world of their child, create a hand print memento together, meet informally with some of the staff and enjoy dinner; some pop tops and an iced coffee or two (for the adults!). A couple of weeks prior, our facilitators supported the children to send home a simple, personalised invitation. We are looking for a few more sites to connect with in 2021 – interested kindy directors please get in quick!

Every term kids&dads* also delivers the 8 week "Circle of Security Parenting Program" exclusively to male caregivers. Places are limited, bookings are essential.

To enquire further about either the new "kids&dads* in kindy" sessions, "Circle of Security Parenting for Male Caregivers" or the kids&dads* activity sessions, please call Malcolm on 0437 232 124 or email malcolmd@unitingcommunities.org

HIPPY Onkaparinga

Do you have a child turning 4 in 2021?

The **Home Interaction Program for Parents and Youngsters (HIPPY)** is a **free**, two-year, home-based early learning and parenting program for families with young children starting Kindergarten.

HIPPY engages you and your child in fun, play-based, 'everywhere learning' activities that support a successful transition to school.

'Everywhere learning' brings learning to everyday routines giving opportunity for children to develop skills in different contexts. Counting and number recognition can be done while getting ready for dinner as easily as at the supermarket, folding washing or looking at road signs.

With HIPPY learning is happening all the time.
